

Rules And procedures to Apply for International Students
Egyptian Government, Private and Technological universities
and Institutes

For Academic Year 2023/2024

I-First: Undergraduate level:

< Applying Procedures:

- 1-The student submits through the online platform " Study in Egypt" <https://admission.study-in-egypt.gov.eg>
- 2-The student uploads copies of the required documents to the online platform.
- 3-The student chooses their desired majors/specializations with a maximum (10) majors.

4-Examination Process:

- a. The Technical Members (each in their respective authority) examine the student's data & attached documents, and ensure that they are fully completed, and record the result of the examination on the student's page electronically, no later than 5 days from the date of the student's application.
- b. In case, the student does not submit all required documents, the student is contacted through their "Study in Egypt" account to fulfill the missing requirements. Then, the examination is repeated within 5 days.
- c. An Initial acceptance / a preliminary acceptance (result of technical examination) is issued.

5-Electronic Tanseeg process:

- a. International students applying through the online website who have a recognized high school completion certificate (Secondary level) from within or outside the Arab Republic of Egypt are coordinated. [For international students who hold an Egyptian general high school certificate (Secondary level) or technical certificates, it is stipulated that no more than two years have passed since the date of obtaining the qualification].
- b. The Tanseeg process takes place on a daily basis according to the capacity of the universities, the order/precedence of students' applications, the minimum admission score approved by the Supreme Council of Universities, and the number of students from each country allocated for the faculty.

- c. Announcement of the result of Tanseeq and issuing the initial/primary nomination to the student via the online website within two days (the initial/primary nomination is not accepted until after the student submits the original papers)
- d. The results of the initial/ preliminary nomination can be viewed through the online website of the "Study in Egypt" platform by: The Ministry of Higher Education and Scientific Research - the student - the university - the country's embassy in the Arab Republic of Egypt - the concerned authorities for compliance with security clearance through the platform.
- e. In case the service fee is not paid, the tanseeq of the student will be repeated electronically on the 15/9/2023.

6- File Submission:

- a- After the initial/primary nomination is issued, the student (or their legal representative or embassy) submits the student's original file to the university by 30/9/2023 at the latest without the university collecting any additional fees.
- b- For students who have scholarships funded from some countries, the Cultural Attaché of these countries can send files to the university through the embassy representative with the same previous conditions.
- c- As for students who are nominated for admission to private higher institutes, technical institutes, health institutes, technological academies & colleges of technology, and students accredited by the Presidency of the Egyptian Arab Republic and the Agency scholarships, their files should be submitted by the student (or their legal representative, embassy or the express mail)) to the Central Administration for International Student Affairs will issue a digital statement.
- d- In case if the original file data of the student is proven incorrect, the nomination will be canceled and the student will not be entitled to refund any amounts paid.

◀ Applying period:

The application process is divided into two stages:

1. The first stage: starting From 20/6/2023 To 15/9/2023, With the possibility of extending submission for a period not exceeding 15 days for exceptional circumstances, after the approval of the competent authority.

◀ **Post-admission services:**

- Students willing to apply for one of the post-acceptance services must apply via the "Study in Egypt" platform, as well as evidence of payment of the paying fees for this service.
- All service requests will be collected until 15/10/2023.

1. Postponement of enrollment:

- The enrollment of a new student to a college admitted in the year 2023/2024 may be postponed for one year, provided that the student applies through the online website and attaches an academic status statement
- The admission of a new student to a college admitted in the year 2023/2024 may be postponed for one year, provided that the student applies through the online website and attaches a status statement of his/her academic standing, stating that the admission procedures of the college are not completed. This occurs in the cases that require it.
- Students should pay the service fees and the fees of the updated qualification document for the postponed admission year (fully amount \$450).

2. Re-nomination:

-A candidate who has been nominated in any of the last two years 2021/2022, 2022/2023 and has not completed the nomination or registration procedures within that period may be re-nominated, provided that the candidate submits a proof of this from the previous university/college/institution.

- A candidate who has previously postponed their admission can be renominated provided that they submit their file to the Central Administration for International Students Affairs and pay for the services.

- Re-nomination occurs for the same faculty/ institution that the student was previously nominated for, or any other faculty/institution (except for the top practical or theoretical college, an initial/primary approval from the college is required).

-In all cases, the student is required to fulfill the minimum admission or acceptance requirements for his/her first nominated year.

- Paying the fees of re-nominated services and updating certificates. Renomination fees for one admission year are \$450, and for two years \$750.

3.Re-enrolment:

- Students who have finished all their failure/repeating chances in their previous studies may be re-enrolled.
- Also, for students who remain to repeat from abroad as an exceptional opportunity, as they are dismissed according to what was stated by the Supreme Council of Universities in this regard.
- Repeating students from abroad may also be-enrolled. This is an exceptional opportunity as they are dismissed, according to what was stated by the Supreme Council of Universities.
- Their re-enrollment shall be for a maximum of two years as a time interval for one time Only (2021/2022, 2022/2023) in different faculties (than what the student was previously enrolled in) with the direct affiliation system or in one of the Institutes; provided that the student fulfilled the minimum admission score in the year of admission or the current year, whichever the student wishes to achieve.

4.Transfer of Enrollment:

- It is possible to consider transferring the enrollment of a repeating international student who is enrolled or repeating internally to a different college or institution, provided that the student achieves the minimum score of admission (in their first year of admission), and in accordance with the regulations enforced on Egyptian students.

5.Nomination Modification:

- The nomination may be modified from the college or institute from which the student was nominated (for the first time) to another college or institute, according to the available places and fulfillment of admission requirements in the same year 2023/2024.

6.Internal Transfer:

- Between Egyptian universities and institutes
- It is possible to consider the internal transfer of a passing student (who is to be promoted to the upcoming level) to a college or institution in the same specialization.
- The transferring student should obtain the approval of both entities (transferred to – transferred from) and should sign them from university's Vice-president for Education and Student Affairs, or the Dean of the College/Institute, or the Vice Dean for Education and Student Affairs.
- In case of transfer from a private/national university to a governmental counterpart, the student must fulfill the admission rules & requirements of the governmental university -to which the student willing to transfer-in the year of admission for the first time, according to the clearing approved in this regard.
- The transferred student from the private university pays the cash equivalent fee for the exception to the condition of renewal of the qualification, starting from the date of obtaining the qualification until joining that university
- It is possible to consider transferring the repeating students to the corresponding colleges or institutes with the credit hours system for tuition fees only and under the same previous conditions.

7. Transfer from abroad:

- Upon starting to accept applications from transfer students from universities outside the Egypt, students should submit: Transcript – Scientific Content –Original high school certificate– Copy of the passport.
- Scientific clearance is done for the subjects or materials the student has passed abroad.
- The student pays the application services fee in addition to the transfer from abroad service fee.
- Acceptance of international students coming from: Sudan, Ukraine, Russia - in the absence of academic documents - on condition of passing the level assessment exam with the same rules of accepting of Egyptian students coming from these countries.

8- Withdrawing the file and issuing a transcript:

- The international student submits an application on the online website, before the beginning of the academic year, attached with status statement certified from the university,

with an explanation of the reason for file withdrawal; the university is obliged to deliver the student's file within 15 days of payment of the fee.

- Payment of the service fees.

- In case of withdrawal of the file after starting academic year till 30/9/2023 the student is obligated to pay 10% of the value of the tuition fees for the academic year.

- If the student withdraws their file in the period from 1/10/2023 till 31/10/2023, the student is obliged to pay 50% of the tuition fees for the academic year.

- If the student withdraws their file in the period time from 1/11, the student is obliged to pay 100% of the tuition fees for the academic year.

◀ **General provisions (For Undergraduate level)**

- The Central Administration for International Student Affairs is the only authority responsible for accepting international students.
- To be accepted, the international student must fulfill all the conditions of admission requirements, with the implementation of the decisions of the Supreme Council of Universities, and the Council of Private and National Universities, as regards their interests in incorporating.
- International students are accepted through the online website "Study in Egypt" platform and the Central Admission of International Students Affairs at the Ministry of Higher Education.
- A committee of technical employee from the Central Department of International Students Affairs is sent to review applicants' files with the departments of international students of each university, to follow up with the situation of the students within the university, and to fully coordinate with the university administration in serving international students.
- The Departments of international students in Egyptian universities are committed to implement the rules of admission for international students approved by the Minister of Higher Education and Scientific Research, and not to reject any international student whose nomination has been accepted by the online website.
- Students who have obtained certification by the Presidency of the Republic are dealt with directly through the Central Administration for International Students Affairs in coordination with the Embassies of student countries in the Arab Republic of Egypt, where students are accepted at any time of the academic year, the Technical Member concerned with the technical review after receiving the technical examination from the Presidency of the Republic states the nomination.

- The conditions for admission to the Sadat Academy for Administrative Sciences and the Academy of Arts are applied with the same conditions and terms for each of the both academies for the Egyptian student.
- Students whose nomination have been modified for technical reasons are exempted from paying cash fees. The Minister may may decide to grant a candidate partial or full exemption from payment as he considers appropriate.
- Exemption requests are presented through the committee to decide on the reduction or exemption from paying tuition fees and expenses for international students.
- In case of acceptance of a student by the university or any educational institution without referring to the "Study in Egypt" platform and the Central Department for International Students Affairs, the university or the educational institution will be charged a fine doubled times the student's fees for each violation proven to have occurred with the presentation of the violation to the relevant committee to standardize the status of the student.
- In case of changing the Nationality of the student, the terms and conditions that were previously approved by this student in the year of his nomination apply.

Second; Postgraduate Level

- The Central Administration for International Student Affairs is the only authority responsible for accepting international students at the postgraduate level.
- According to the approval of the Supreme Council in its session held on 19/10/2019, for the minutes of the meeting of the Supreme Council for Education Affairs and students, in its session No. (12) on 9/10/2019, which includes a discussion of the problems of international students enrolled in postgraduate studies in Egyptian universities in terms of tuition fees, and the admission system. It was decided to approve the admission and transfer of postgraduate students centrally through the Central Administration for International Students Affairs at the Ministry of Higher Education and Scientific Research.
