

Health Inspector II

Food and Environmental Hygiene Department (FEHD), HKSAR

WONG MAN CHUNG

Associate of Science in Environmental Studies
Graduated in 2014

In 2014, Man Chung graduated from the Associate of Science in Environmental Studies Programme. A person of determination, Man Chung proceeded to upgrade his qualifications to higher levels. With the foundation he had gained at the College, he advanced to study the BSc Environmental Science and Management Programme at CityU. Subsequently, he has also completed the MSc Environmental Engineering and Management Programme in HKUST. Having achieved his academic qualifications goal, Man Chung obtained a job working now as a Health Inspector in the Food and Environmental Hygiene Department (FEHD) of HKSAR Government. His main job duty is to ensure safety of food products sold in Hong Kong. Another aspect of his work is to monitor the local living environment to ensure it is maintained at a high quality of hygiene for the benefit of society.
