

## Outstanding Student Leader Award

**KWAN SHUK YEE**

Associate of Science in Environmental Studies

Shuk Yee has demonstrated great leadership as a summer intern in the Aquatic Animal Virtopsy Laboratory, City University of Hong Kong. At the conclusion of the internship, she became a student research assistant in City University and has been continually involved in research projects. Always attentive and participative in class, Shuk Yee is a model student who helped out in the Orientation Camp. In addition, she is a student ambassador of the College. She also has the chance to deliver a mini talk which is regularly held at the Biodiversity Gallery of the Hong Kong Science Museum once a month. All these valuable experiences bolstered her leadership skills.
